

Agri-Golf Technical Rider

Buyer Requirements

- A flat level surface measuring a minimum of 30 feet wide by 30 feet deep. Larger areas are preferred for better course layout. Grass is preferred, but not a necessary. Indoor footprint is the same but can be adapted. Suggested layout seen at bottom.
- If indoors parking for 8x16 trailer close to show area is needed. Trailer can be setup indoors if there is a roll up door on building.
- One 30 Amp RV hookup for show trailer within 75 feet of show area.
- Two standard 120 plugins within 75 feet of performance area.
- All parking passes and necessary entrance gate credentials.
- One Hotel Room beginning one night prior to your fair's start date and ending one day after your fairs end date. Hotel Room should be as close to fairgrounds as possible.

Agri-Golf Supplies

- 9 Custom Agri-Golf Holes with LED Lights, Obstacles, Putter, Balls, and Branded Score Cards.
- Custom wrapped show trailer for attendant.
- Sound System for light background music and announcements during Agri-Golf tournaments.
- Custom Safety Barriers and Chains to clearly mark areas of play.
- Nigh time lighting for our outdoor performance area.
- \$2,000,000 Limited Liability Insurance Policy
- Up To Three Agri-Golf Tournaments for Children 12 & under. Prizes given to all participants.

Show Description

Agri-Golf is the industry's first and only portable miniature golf course. Agri-Golf is themed to farming and agriculture to engage your patrons in a fun way for AG education. Each hole features Agriculture and Farming facts based on your state. Agri-Golf has custom obstacles, LED lights, custom score cards, and so much more to make it the ultimate AG Education experience for your patrons. Lee and Rebecca Andrews created Agri-Golf to make your Fair's Ag Education a Hole in One!
